- Q&A

Microservices in ONE word?

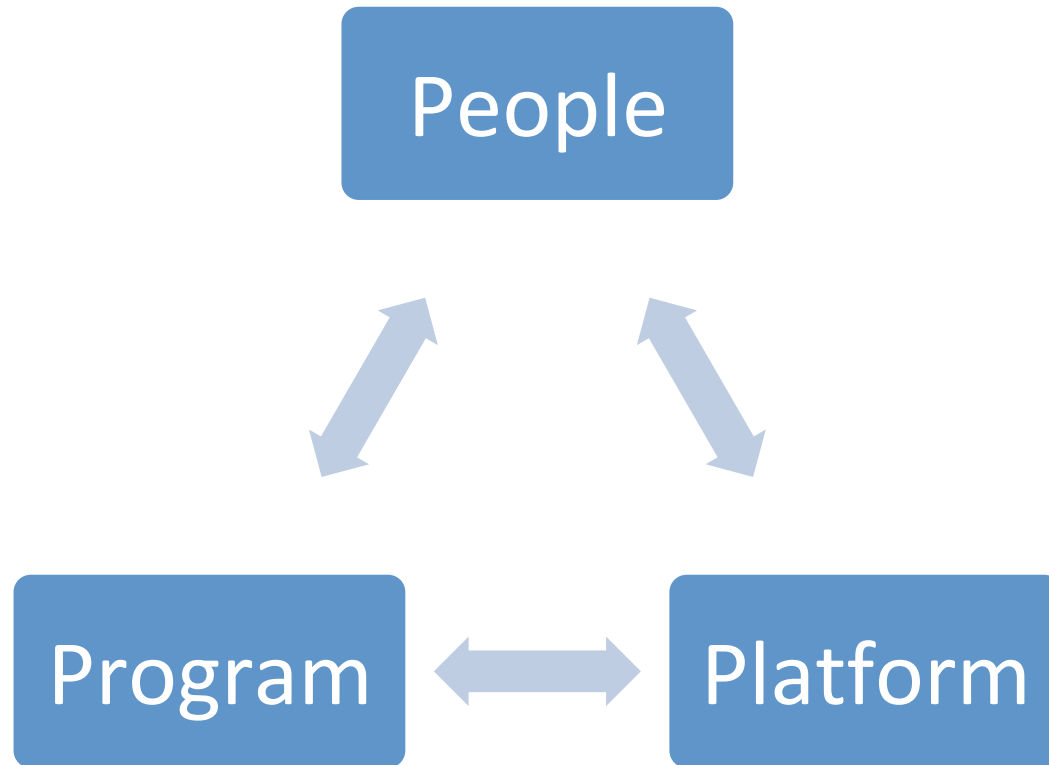

MicroServiceS

Why move to Microservices?

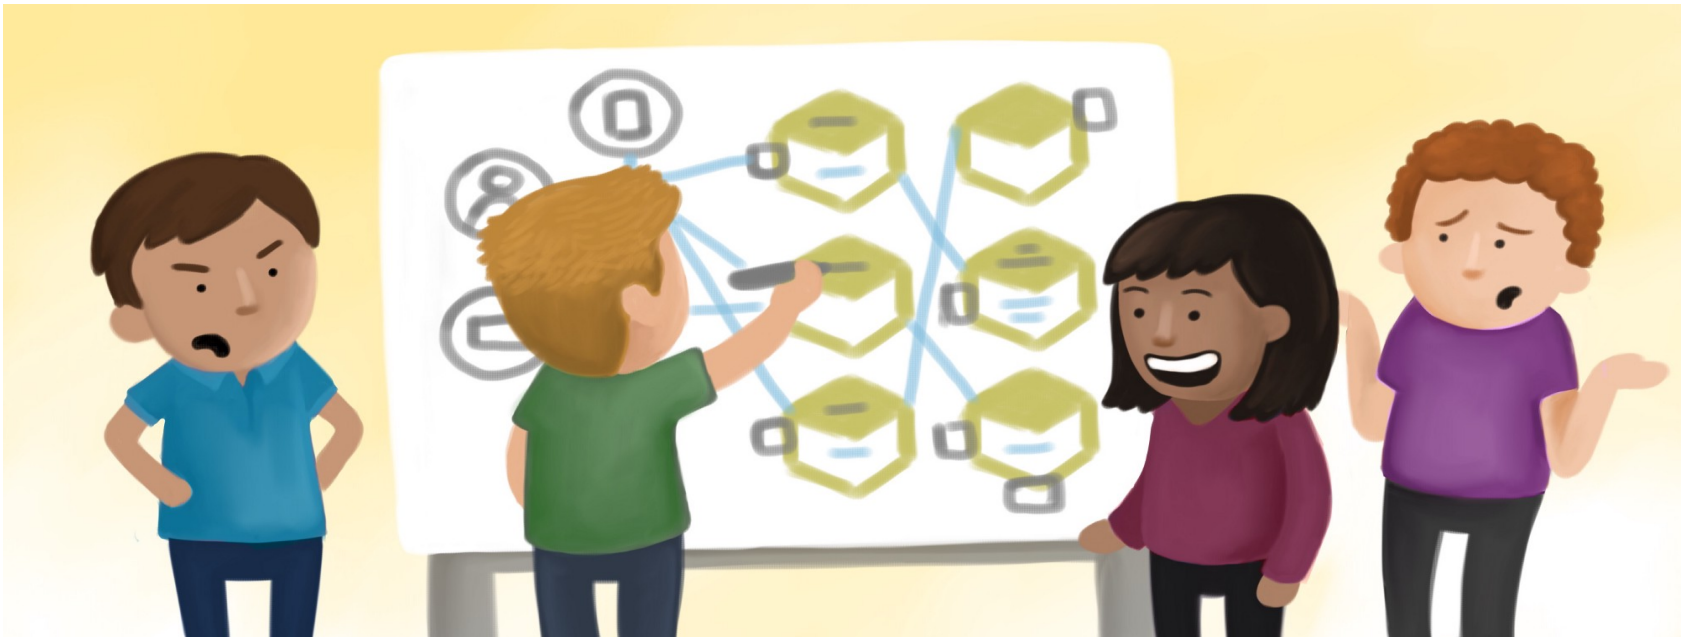

@redbadgerteam

3P Model

People

- Vertical / Horizontal team
- Documentation
- Workflow

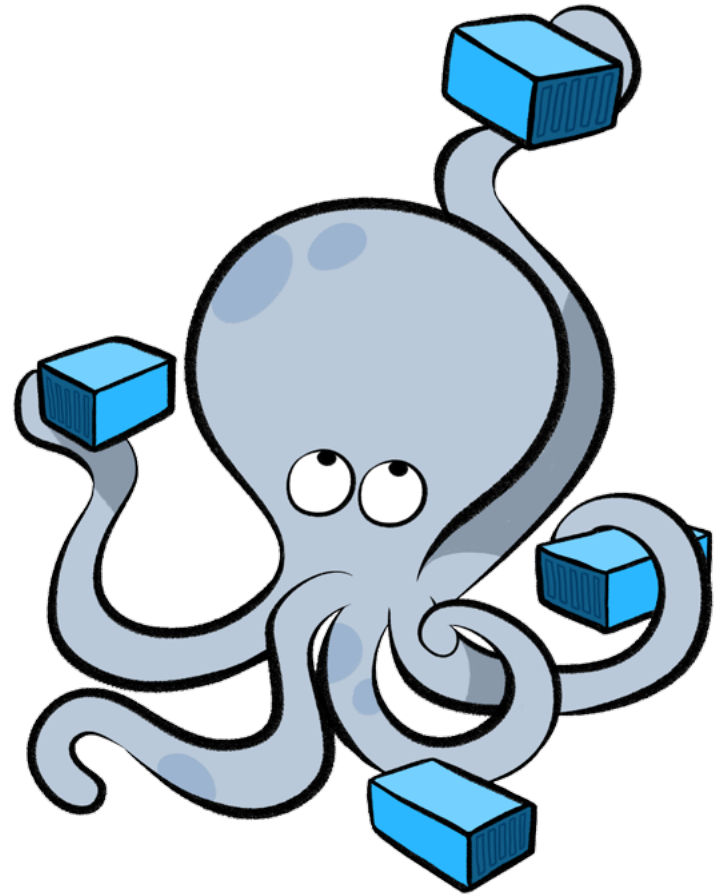

Program

- Separation of Concerns (SoC):
 - Backbone vs Business service
 - Transaction Data vs Meta Data
- Technology
- Security
- Inter-Communication

Platform

- Monitoring
- Log
- Deployment
- Load balancing
- Service discovery
- API Gateway

Thanks!
